

Family Trivia Place Cards

copyright 2021, A Beautiful Pause

1. Print as many place cards as you need. Cardstock will be more sturdy, but you can use regular printer paper too.
2. Cut out each place card and fold in half along the middle.
3. Ask each family member or guest to fill out the trivia questions about themselves. You can make the activity even more fun by writing your own trivia questions or having everyone write their answers on the inside of the folded card so others can guess them.
